✓ ADP
@ pt
Done

9/25 -

Landed on Nicker
Is @ 0900 - Much more
difficult than Nihoa.
Everything wet. Gene got
washed out of rubber boat.
Jack got dumped into
water trying to land.
Everyone got knocked
down by waves on rock
ledge. Many cuts & bruises.
Hole ripped in rubber
boat - must be patched
before transferring rest
of gear.

Seen 12 seals: 6 ad ♂
6 ad. unk. Remains of
one dead subadult.

Blue-gray Noddy common.
Jaeger in burrows.

saw 1 Brown B. adult +
at least 2 BFB imm. See
1 RFB ad on nest. Am
Noddy abundant.

Island is U shaped
center of U is thick wall -
probably was crater of volcano.
Landing made @ West cove
at base of U

~~Saw 2 ad. BFB.~~

~~at 1150 counted 15 ad RFB~~

Left island afternoon
of 9/26 @ 1300. Jack
fell in water getting off.
Purchased beer in boat.
Webb fell in twice.
